

Consent to the Processing of Personal Data

I hereby, hereinafter referred to as the "Personal Data Subject", in pursuance of the requirements of Federal Law No. 152-FZ of July 27, 2006, No. 152-FZ "On Personal Data" (with amendments and additions) freely, of my own free will and in my interest, give my consent to the Service Administration E-task (hereinafter referred to as the Service, address: (<https://e-task.net>)) for automated, as well as without using automation tools, the processing of your personal data specified during registration by filling out the registration form on the website <https://e-task.net> and its subdomains populated using the Service.

This consent is given in order to conclude an agreement with the Administration of the Service, other agreements directly provided for by the User Agreement (https://e-task.net/docs/en_agreement.pdf), Privacy Policy (https://e-task.net/docs/en_privacy.pdf), other agreements posted on the pages of the site and their further execution, participation in promotions, making decisions or taking other actions that generate legal consequences for me personally or other persons, as well as for accepting, processing a request, processing and receiving payments; informing about the status of the request, the services of the Service by means of electronic and SMS, PUSH notifications; improving the quality of the Service; conducting statistical and other studies based on anonymized data.

This consent is granted in relation to any information directly or indirectly related to me, including (but not limited to): name, email address, contact phone number and any other information relating to me, available or known at any given time to the Service.

This consent is granted for the implementation of any actions in relation to personal data that are necessary or desirable to achieve the above goals, including, without limitation: collection, systematization, accumulation, storage, clarification (update, change), use, distribution (incl. transfer), depersonalization, blocking, destruction, cross-border transfer of personal data, as well as the implementation of any other actions with my personal data, taking into account the current legislation of the Russian Federation.

I hereby acknowledge and confirm that if it is necessary to provide personal data to achieve the above goals to a third party, the Service has the right to disclose to the extent necessary to perform the above actions, information about me personally (including personal data) to such third parties and their authorized persons, as well as provide to such persons the relevant documents containing such information. I also hereby acknowledge and confirm that this consent is considered to be given to any third parties specified above, subject to relevant changes, and any such third parties have the right to process my personal data on the basis of this consent.

I hereby acknowledge and confirm that in order to achieve the above goals, as well as in the absence of any other opportunity to obtain information about me (including personal data), the Service has the right to request and receive such information from third parties in the required volume.

I hereby acknowledge and agree that:

- this consent to the processing of personal data is provided from the moment of registration on the Site and is valid until its written revocation;

- written feedback must be sent personally by the subject of personal data to the email address help@e-task.net.

I hereby give my consent and do not object to the Service or other persons on its behalf to send messages, including advertising or other information of other content, to the e-mail address or using other means of communication specified by me when registering on the Site.

With the User Agreement (https://e-task.net/docs/en_agreement.pdf), the Privacy Policy (https://e-task.net/docs/en_privacy.pdf), which regulates the processing of personal data of users of the E-task Service and posted on the site page <https://e-task.net>, I have read and agree, the content of these documents is clear and understandable to me.
